

 ETH Zurich: MSc Physics

Based in Dubai, I am a multilingual Physics and Maths tutor with a Masters degree from ETH Zurich. My experience in the IB and IGCSE curriculum coupled with my passion for teaching allows me to create a unique and engaging learning environment. My fluency in several languages enhances the multicultural element of my classes, making complex ideas approachable and interesting.

Teaches: Maths Physics

Curriculum: A-Level IB

Qualifications

ETH Zurich: MSc Physics

IB: Higher Level Maths (7), Higher Level Physics (7), Spanish B (6), English A (7)

IGCSE: Maths (A*), Physics (A*), Spanish (A*), English (A*)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past four years, I've had the privilege of tutoring students from diverse backgrounds in IB and IGCSE Maths and Physics. My multilingual abilities and deep understanding of these international curriculums allow me to meet students where they're at, breaking down complex concepts in a language that makes the most sense to them. I've assisted students not only in achieving high grades, but also in applying for universities worldwide.

Tutoring Approach

I understand that each student has a unique learning style and my approach is to identify and tailor my teaching method to that style. My lessons typically begin with a discussion of theoretical concepts, followed by practical applications to consolidate understanding. I encourage students to articulate their thought processes as they work through problems, helping to uncover and address any areas of misunderstanding. Regular assignments and mock tests are integral to my teaching strategy, and I provide detailed feedback on each, creating a nurturing environment where students feel comfortable asking questions and challenging ideas.

Extracurricular Activities

Yoga

Travelling

Chess
