 **Technical University of Berlin: MSc in Physics, Freie Universität Berlin: BSc in Chemistry**

Born and raised in Berlin, my love for science led me to dedicate my life to teaching. My aim is to make the intricate world of Physics and Chemistry accessible and intriguing for all students. With each lesson, I strive to inspire curiosity, empowering my students to achieve academic excellence and to envision a future in STEM fields.

Qualifications

Technical University of Berlin: MSc in Physics (2013)

Freie Universität Berlin: BSc in Chemistry (2010)

IBO Training Center: Certified IB Physics and Chemistry Teacher (2014)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 9 years, I've mentored more than 120 students in IB and IGCSE curriculums, both in Berlin and online. Proudly, 90% of them scored above their targeted grades. My commitment goes beyond just exam success; I've seen many of my students go on to pursue STEM degrees and careers.

Tutoring Approach

Every student is unique; hence my approach is tailored to individual needs. Our first session is a deep dive into understanding your strengths, weaknesses, and learning style. Based on this, I craft a custom plan, integrating real-world applications of scientific principles to make lessons engaging. Rather than rote memorization, I emphasize conceptual understanding, which not only aids in exams but ignites a lasting passion for the subjects.
