Qualifications

University of Lisbon: Ph.D. in Molecular Biology

IB: HL Biology (7), HL Chemistry (7), SL Physics (6), SL Portuguese B (7), SL English A (6) - Total 42 points with TOK/EE points

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 5 years, I've honed my tutoring skills, guiding IB students to unlock their potential in Biology and Chemistry. My experience, backed by my research background, allows me to impart knowledge that goes beyond textbooks. The success of my approach is evident – 80% of my students have achieved grades 6 or 7 in their exams. My dedication doesn't end with exams; I also mentor students in their research projects, ensuring they have a robust understanding of the scientific method.

Tutoring Approach

For Biology and Chemistry, I believe in intertwining theoretical knowledge with real-world applications. This approach helps students visualize complex concepts, making them easier to grasp. By integrating exam-focused strategies with the bigger picture, my students are equipped to tackle both academic challenges and real-life scientific scenarios.
